

Registering with Curling IO

Introducing Curling IO - Overview

You log in with an email address. An email with a link and passcode will be sent to that address. Simply click on the link or input the passcode provided to access the system. Following your registration, log in with same email address to review your information and/or register for additional leagues or events.

Accounts and Profiles

The email address defines an Account. To access your Account information always login with that same email address. If it is necessary to change your Account email in future, contact one of the club administrators (there are 5 of us) who can assign all your information to the new email Account and delete the old one.

A Profile is an individual curler. Every curler registering requires a Profile. The mandatory fields for a Profile are: first name, last name, gender, date of birth, address, phone number, and a primary email address for the curler. All other fields presented are optional. Date of birth and gender are required to establish eligibility for individual leagues and events.

One Account (email) can manage multiple Profiles. For example, a parent can register each of their children (separate Profiles) under a single Account. A couple sharing an email address would establish two Profiles under the single Account. If you don't setup a Profile before registering, you will be prompted to complete one.

Profile information is a one-time entry that will carry forward each year and to other participating clubs. Just login with the same email.

Liability Waivers

For each Profile, a liability waiver will be presented for review and acceptance during registration. The curler's age will determine which waiver is presented (over or under the age of majority). Your electronic signature is stored within the Curling IO database.

Registration Overview

Curling IO is like many online shopping sites. At the Prescott Curling Club we sell Products and Leagues. Under Products you select the membership type you wish and add to your shopping cart. Product pricing is before tax. HST is added at checkout.

After adding Membership to your cart, select Leagues and choose the Leagues in which you wish to participate. You add the leagues individually to the cart. Note that leagues are added to the cart at \$0 cost. Once the cart is complete you checkout. At checkout you can elect to pay now with a credit card or pay later via e-transfer or at the club with cash, cheque or debit card.

Once registered you can review all the leagues in which you are registered by selecting “Events” after logging in.

Want to sign up as spare for a league? Log in, then under Account select “Sparing”. Click on “Register as a Spare”. Next, click in the “League or Competition” space and a drop-down box of Leagues will show. Select the League for which you want to Spare. Repeat for additional Leagues.

Questions?

If you have questions about registering or using Curling IO, email them to prescottcurlingclub@gmail.com and one of us will contact you.

If you don't have an email address or online access, then please come to one of our on-site registration days and one of our volunteers will register you online.

If you have an email but still need help, then contact us for help with an email to prescottcurlingclub@gmail.com . Alternatively come to our on-site registration days for help. Ideally, bring along a device (phone, Tablet or Laptop) that you can receive your email and a volunteer can help you get registered with your own email address.
